## Storm Plagues State, Snows Flail Midwest

Rain Here Boosts Season's Total Over One-Inch Mark

A drenching rain descended upon the desert this morning as Southern California experienced another storm in a series which has plagued some sections of the state for several weeks.

### NEWS in BRIEF

WASHINGTON (UPI)—The Supreme Court today ruled unconstitutional Louisiana's "local option" law, which permits closing of public schools to avoid desegregation.

In a brief order, the court affirmed a ruling handed down by a special three-judge federal panel in New Orleans last Aug. 30.

LEOPOLDVILLE, The Congo, (UPI)—Congo police reported today they had been unable to find a man wanted for questioning in the slaying last week of Lt. Col. Hulen D. Stogner, U.S. Embassy assistant military attache.

HOLLYWOOD (UPI)—Baron Long, well known hotelman and sportsman, died Sunday night at Cedars of Lebanon Hospital of a heart attack. He was 78.

Long, chairman of the board of the Biltmore Hotel in Los Angeles, had interests in many hotels throughout California. He was also very active in horse racing circles. He built two race tracks in Tijuana, Mexico and owned the Agua Caliente gambling spa in the 30's.

WASHINGTON (UPI)—The Senate displayed its affection today for a modest man and a beloved colleague — 84-year-old Sen. Carl Hayden, D-Ariz.

Exactly 50 years ago, Hayden was sworn in as a member of Congress, just five days after his native Arizona was admitted to the union as the 48th state.

MIDDLEBURG, Va. (UPI)—President Kennedy today faced new arguments against U.S. resumption of nuclear atmospheric testing, this time from a powerful British voice.

The President, after a quiet weekend with his family at their estate in the Virginia hunt country, planned to return to the White House this morning. He had a lunch date with Hugh Gaitskill, leader of the British Labor party.

WASHINGTON (UPI)—Several thousand college students were back on their campuses today following two days of peace demonstrations that they believe accomplished their major purpose.

A leader of the "Turn Toward Peace" movement said Sunday that the 4,700 students were not so "unrealistic as to expect to see a radical change in our cold war policy overnight."

**AUTOMATION** in newspaper production is explained to a group of visitors at The Desert Sun's open house program by managing Editor Jack Knudson, left. Knudson is telling how United Press International wire reports are automatically perforated

onto tapes which activate typesetting machines. This is a scene that was repeated numerous times as more than 600 visitors toured the new newspaper plant at 611 South Palm Canyon Drive, Palm Springs. (Desert Sun Photo)

## Cease-Fire Agreement In Algeria

Secret Peace Talks Ended

PARIS (UPI)—France announced a cease-fire agreement with the Algerian rebels today. But the rebels said the peace talks have not ended.

A semi-official statement issued by the French government this morning said Algerian Affairs Minister Louis Joxe ended secret peace talks with the rebels Sunday night. The talks lasted one week.

Authoritative French spokesmen said full agreement was reached. But the rebel leaders on their return to Tunis this afternoon denied this statement.

In Tunis, rebel Foreign Minister Saad Dahlab told newsmen at the airport that "the discussion is not ended. It has made a great deal of progress and can resume with good prospects."

Vice Premier Belkacem Krim said, "Things are going quite well, but we still have a lot to do." Another rebel spokesman said, "It is not finished yet. Another meeting will be necessary." News of the denials reached here while President Charles de Gaulle was receiving a report on the talks from the three French ministers who took part—Joxe, Public Works Minister Robert Buron and State Secretary for Sahara Affairs Jean de Broglie.

Sure of Agreement

French officials were at a loss for an explanation of the rebel denials. However, they were convinced that even if the rebel statements resulted in more last-minute bargaining, an agreement now is certain.

Earlier, officials said that three principal documents had resulted from the secret negotiations which have been going on intermittently since last October.

The first is a purely military cease-fire agreement, calling for an end to the fighting in which more than 250,000 Moslems and Europeans have died in the past seven years, including some 18,000 French soldiers.

It still was not known who would sign this document, although the French want the military on both sides to sign.

The political terms of the agreement will be laid down in two "declarations of intention" which will be made public simultaneously by the French government in Paris and the rebel government-in-exile in Tunis.

# JFK Asks \$2 Billion In Recession Reserve

**SUNNY SKIES** and a 70 degree breeze marked the Sunday visit of former Vice President Richard M. Nixon, left, and former President Dwight Eisenhower, right, when the Nixons arrived for a 24 hour visit with the Eisenhowers at Eldorado Country Club, Nixon, GOP gubernatorial candidate, stood with Mrs. Eisenhower, as Pat Nixon chatted with the former chief executive before the Eisenhower cottage.

The sunlight which brought a quick squint to President Eisenhower vanished in rain today, cancelling a second planned round of golf. The Nixons were slated to fly back to Los Angeles at noon today. The ladies, both dressed in yellow, told reporters the visit was "strictly" social. Neither of the men talked with reporters. (Desert Sun Photo)

## Standby Power Sought to Aid National Vigor

WASHINGTON (UPI)—President Kennedy asked Congress today to arm him with standby authority to spend up to \$2 billion to pump new vigor into the national economy when a recession threatens.

## Weather in Tilt for Orbit Shot

CAPE CANAVERAL (UPI)—The weather odds tilted in astronaut John H. Glenn Jr.'s favor today and the countdown proceeded for his planned orbital flight Tuesday.

The National Aeronautics and Space Administration issued a weather forecast which it called cautiously optimistic. Lt. Col. John A. Powers, spokesman for NASA's Mercury man-in-orbit project, said the odds appeared to be "60-40 in our favor."

The first half of the two-day countdown began at 2:30 a.m. Both the Atlas booster rocket and the Mercury space capsule were ready for the first U.S. attempt to put a man in orbit around the earth.

Powers quoted NASA weatherman Ernest Amman as saying he was "a little bit more optimistic than Sunday."

"He is usually pretty cautious," Powers added. "When Ernie is optimistic, it can't help but tilt the scales in our favor."

Glenn was spending a quiet day on the Cape and checking on the countdown status of his spacecraft which is slated to take him on one, two, or three trips around the earth sometime after 7:30 a.m.

Powers said the Marine space pilot probably will turn in at about 7 or 8 p.m. and "be ready to go in the morning."

Project officials planned to monitor weather throughout the day, make a complete review of the situation tonight to include on-scene reports from Navy ships in the recovery areas and make a preliminary go or no-go decision at about midnight.

## Another Rebuff On Berlin Block

BERLIN (UPI)—The Soviet Union sought to impose a claim on a block of Berlin air corridor space again today and received

## Joint Meet Noon Today

The Palm Springs city council and planning commission were slated to consider a four-item agenda during a luncheon meeting in the Riviera Hotel today.

Prime item on the agenda is the wind erosion control ordinance recommended by the planning commission. The plan, including requirements for maximum green belt planting to 150 feet in depth, brought protests in the last council meeting that added costs for a typical 20-acre development could top \$100,000.

Developers and consultants who spoke against some provisions of the ordinance termed pre-construction street installation the most effective measure.

## Still Seek Victims of Killer Storm

HAMBURG, Germany (UPI)—Thousands of rescue workers toiled through mile upon mile of sodden wreckage today in search for more victims of one of the worst storms ever to hit northern Europe.

An incomplete count showed that at least 177 persons, 147 of them in West Germany, were killed by a raging storm that started Friday and raked northern Europe for nearly three days. More than 100,000 persons were left homeless.

This port of 2.8 million persons, which was hardest hit by the pounding seas and howling winds, was left a city of shocked silence, watery death and devastation.

Receding waters were expected to reveal more victims. Hardest hit areas besides Hamburg were lower Saxony and Schleswig-Holstein.

Fresh water was supplied in barrels and jars as city authorities prepared a mass immunization program against typhus.

When the fury subsided, Hamburg was permeated by an eerie stillness.

## WEATHER

Showers spreading southward over areas today and continuing tonight. Snow higher valleys. Partly cloudy with scattered showers Tuesday. Strong gusty winds. Cooler today and south portion Tuesday. High today 40 to 55 upper valleys, 55 to 70 lower valleys.

Palm Springs' high temperature Saturday was 73, low 39. Sunday high was 70, and low 39.

## OPEN HOUSE PROGRAM

## Throng Visits Desert Sun, KDES

Comments ranged from "I'll never complain about paying a dime for the paper again" to "With all this pressure work to do, how can you look so relaxed?" during the Saturday "Open House" at the Desert Sun.

Similar exclamations of interest were heard at the studios and offices of radio station KDES during the joint public inspection.

Some 600 visitors were escorted through the facilities of the two media as employees conducted tours and explained the various departments.

During the tours of the news-

paper and radio station, such items as "teletypes" and "turntables" were explained to the visitors, who included many year-round residents as well as out-of-state winter visitors who were interested in seeing how the newspaper and radio station were operated.

A preview tour was arranged for the Palm Springs City Council and Chamber of Commerce directors, as well as department heads of the city administration.

In the newspaper tour, visitors were shown the business and circulation offices, the editorial and advertising departments, the photo-

and engraving facility, the composing room which houses the type-setting machines, composing tables and mat-roller, the stereo department, and, finally, were shown the massive press which occupies a special large room by itself. Early visitors in the 1-4 p.m. open house saw the 48-page, three-color press in operation.

The entire operation of the paper was explained, from local and wire story preparation through tape-punching, type-setting, proof-reading, make-up, page casting, printing to the mail and distribution room.

Radio visitors saw the reception offices, the main studio in operation all through the day, another studio and record library, site of the new FM studio, the news and advertising departments and offices.

Both Publisher Carl Schooss and Station Manager Norman Loftus were on hand to greet visitors. Afterward Schooss said that "since the newspaper is a public institution, the public is invited to come and look over the plant at any convenient time even though the formality of the 'open house' is over."

## Horoscope Forecast

By CARROLL RIGHTER

Tuesday, February 20, 1962

**GENERAL TENDENCIES:** This is one of those days when you have the ability to reduce whatever plans have been in your mind to a workable success — to wind up what you have decided you want to do. And this applies to the artistic, the cultural, the entertainments you like as well as getting your practical affairs in better shape. Accept this chance to get much work done.

**ARIES (Birthdays from Mar. 21 to Apr. 19)** — A fine day to get busy making improvements to surroundings, getting car cleaned and in good running order, clothing cleaned, etc. Get the help and cooperation of those about you by being very amiable, kind. P.M. relax.

**TAURUS (Birthdays from Apr. 20 to May 20)** — Take the time this morning to visit barber or beauty shop so that you are at your best when meeting others for any creative expressions. Then tonight you can go to some favorite amusement with the right companions. Have fun.

**GEMINI (Birthdays from May 21 to June 21)** — Thoughts of home and family should be uppermost in your mind now, though you may find it necessary to be in the world of business. Strive for greater harmony and make plans that will augur well into the future. Take it easy in P.M.

**MOON CHILDREN (Birthdays from June 22 to July 21)** — Don't waste a moment of this fine day's aspects in making and keeping business appointments, getting shopping done, buying, selling also, etc. Improve your lot in life. Get ideas from relatives. P. M. Have fun with friends.

**LEO (Birthdays from July 22 to Aug. 21)** — You must make a good impression upon higher-ups and kin where the handling of finances is concerned now, no matter what your position or profession in life may be. Be very practical and show that you have good logic.

**VIRGO (Birthdays from Aug. 22 to Sept. 22)** — Take the health and beauty treatments you like so that you are at your best and can then keep those important ap-

pointments. Get out early into the world of activity and become an important cog in the wheel of life.

**LIBRA (Birthdays from Sept. 23 to Oct. 22)** — Since you want things to be in order and fine condition, this is a good day to absent yourself from the social whirl and carry on earnestly with work in mind. P.M. Have inexpensive fun.

**SCORPIO (Birthdays from Oct. 23 to Nov. 21)** — Be sure you listen attentively to the suggestions now being given you by a well-informed acquaintance, since they will bring your personal and business goals closer by following them quickly. Be happy with good friends in P.M.

**SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21)** — If you are most conscientious in handling any civic or business affairs, you can now increase prestige appreciably. Step out to dinner in the evening with Bigwigs who are interested in you and your welfare. Be charming.

**CAPRICORN (Birthdays from Dec. 22 to Jan. 20)** — Search through your paper and every other available source for the information you require that will help you to start an upswing in all of your affairs. Work methodically and make note of every salient point so you do not forget.

**AQUARIUS (Birthdays from Jan. 21 to Feb. 19)** — Look for more efficient systems of operating and keeping books so that you make a greater profit and have every item and detail of taxes, insurance, accounts at your fingertips. Be very devoted to loved one in the evening.

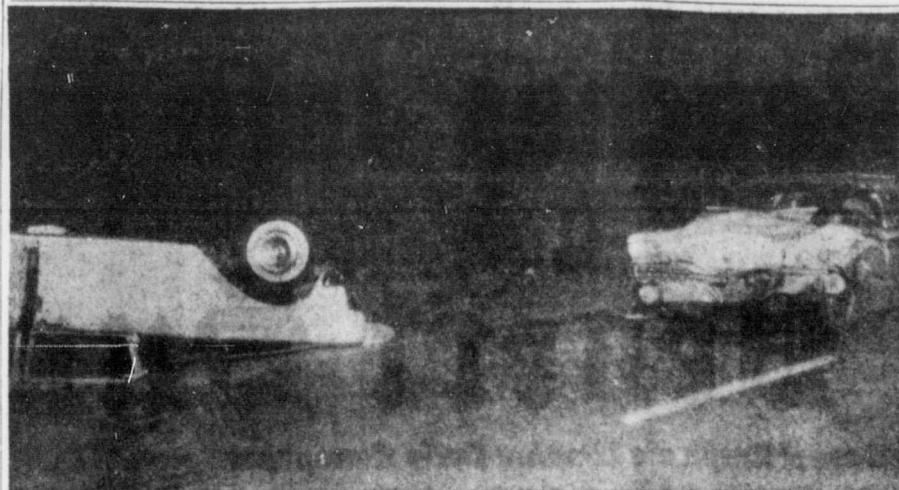

**PISCES (Birthdays from Feb. 20 to Mar. 20)** — Your partners have the planetary force on their side today, so be sure you ally yourself with them fully in order to gain your rightful share of benefits. Agree on matters of policy and then work hard to give service for value received.

**If Your Child Is Born Today,** He, or she, will be one of those remarkable people who gradually works his, or her, way up to being perfect in chosen profession, or as close to it as any human being can. Early give the finest spiritual and academic education possible so that the most can be made of this fine life. The great doctor is in this chart, whether male or female, as well as the religionist.

## Palm Springs Theft, Traffic Upsurge Told

Traffic collisions jumped up 78 per cent in January, with larceny grand theft complaints up 71 per cent, as burglary and fictitious check complaints dropped off. A. G. Kettmann, Palm Springs police chief, said today.

Automobile accidents increased from 19 to 34, including 22 non-injury accidents. Larceny — grand theft complaints rose from seven in December to 12, a gain of 71 per cent, while burglaries and thefts under \$50 dropped to 18 cases. Total check offenses for the month totaled 21, down from 65 a year ago.

Juvenile contacts dropped from 31 in December to 12 for January, Kettmann reported.

Prisoners booked in January totaled 83, down from 118 the previous month. Complaints for public drunk showed a clean sweep with 22 reports, and 22 cases closed.

Kettmann added that all male personnel of the 40 uniformed officer complement have now exceeded the 30 words per minute minimum on the typewriter. All women of the department have passed the 45 words per minute mark, he said. Officers, rotated through the force to gain proficiency in all lines of police field and investigative work, are taught typing to expedite readable report handling, Kettmann explained.

## U.S. Trade Drive Hurt Japanese

By CHARLES R. SMITH  
TOKYO (UPI) — Japan can attest to the effectiveness of Washington's "Buy American" program.  
The impact during the past year has been more serious for the Japanese than the increasingly strong competition in Asian, African and Middle Eastern markets by the European Economic Community, according to one business executive.  
The way the Japanese figure it, the "Buy American" program cost them well over \$100 million during 1961.  
According to government figures published in the latest weekly review of the Bank of Tokyo, American special procurement purchases under the various aid programs were cut by about 50 percent—from \$147.2 million in 1960 to \$72 million in 1961. Purchases in other invisible trade sectors generally were down all along the line.  
Yasujiro Yasuda, managing director of the Nippon Kokan Steel Co., one of the largest in Japan, said in an interview that "the 'Buy American' program has been a much more serious problem than the increasing competition of the EEC."  
Yasuda said the "Buy American" program resulted in a 75 percent reduction in Japanese steel exports to India. "The Japanese steel industry has been exporting about 200,000 tons of steel a year to India," he said. "But this was reduced to about 50,000 tons last year."  
Another industry hard hit by the "Buy American" program is the chemical fertilizer industry which usually sells considerable amounts of fertilizer to American aid-receiving countries, particularly South Korea, South Viet Nam and Pakistan.

## ONCE MIGHT BE ENOUGH

INDIO — Some people never wrestle a lion once in a lifetime, but to Mickey Solomon it is an everyday event.  
Solomon is a well-known sight in Palm Springs. He is now appearing at the Riverside County Fair and National Date Festival here. In the past year, he has appeared with his lion, Caesar, in the Safari Room on the roof of the El Mirador Hotel, and was first prize winner in the Circus Week parade.  
His "pet" was painted by artist John Morris during some of the colorful Circus Week activities, and sold at an auction. His wrestling act is a favorite of Bruce Cabot. Many other noted people of the show world have flocked to see this feat, including Howard Hawks, movie producer who brings forth exciting motion pictures of adventure for the public.  
The fair and festival will last through Sunday, Feb. 25, with many other major features such as the gem and mineral show, the Arabian Nights Pageant and hundreds of fine exhibits.

# HOME MAKING and FASHIONS

By Sue Raymond

Page 4 THE DESERT SUN Monday, Feb. 19, 1962

FRED LARSEN, manager-chef of Salton Bay Yacht Club, is pictured with his bride, the former Helder Hill. The cosmopolitan chef comes from Copenhagen and has prepared food fit for the Danish Court to consume.

## Salton Bay Yacht Club's Chef Cooks with Scandinavian Touch

Fred Larsen, new manager-chef at the Salton Bay Yacht Club, is a native of Copenhagen and received his culinary training in Paris and with the Danish Royal Court.

Larsen has been in the United States since 1942, and has worn his chef's hat at the Cliff House in San Francisco and the Scandia in Hollywood.

"There will be a touch of Scandinavia in the Yacht Club's food," said Larsen, "but the menu will be varied for all tastes." One of his taste-creations, Salton Bay Yacht Club Tornadoes of Beef, has been simplified for easy-home-use.

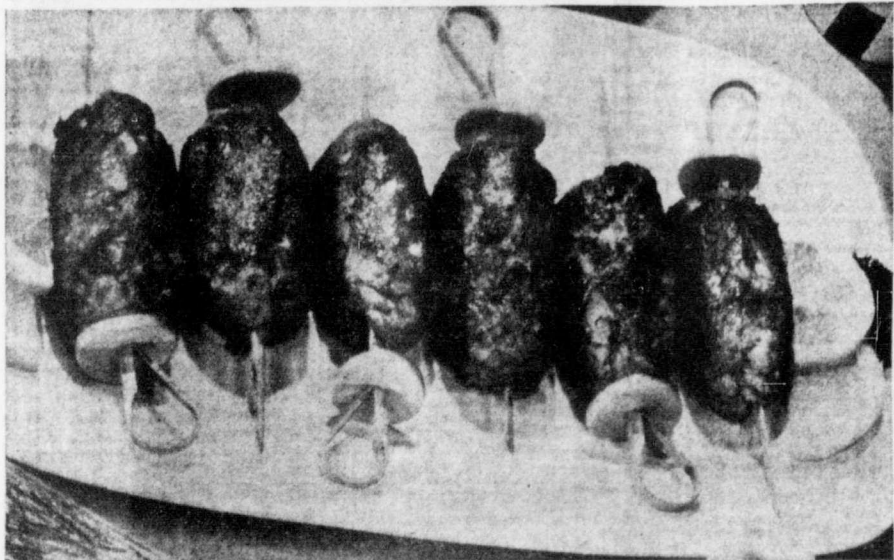

**YACHT CLUB TORNADOES OF BEEF**  
Thick slices of beef tenderloin (2 1/4") are cooked to order and served on thick slices of fried egg plant, dipped in egg batter, and topped with mushrooms, covered with a rich Bernaise Sauce.

**BERNAISE SAUCE**  
1/4 cup sherry wine  
1/2 cup chicken broth  
a few tarragon leaves

Simmer and reduce to 1/2 cup. Set in hot water bath, add four egg yolks. Cook until thick custard. Set off fire, add 1/2 lb. melted butter, continually beating mixture.

## Deviled Eggs, A Party Dish

**NEW YORK (UPI)**—Blue cheese sauce makes deviled eggs a party dish. Cut 4 hard-cooked eggs in half lengthwise. Remove a and mash yolks, blend them with 2 tablespoons of mayonnaise, 1 teaspoon of grated onion and 1/2 teaspoon of prepared mustard. Refill whites with seasoned yolks. Make white sauce by blending 1 tablespoon of flour into 2 tablespoons of melted butter and gradually adding 1 cup of milk. Cook, stirring constantly, until thick. Add 1/4 cup (about 1 1/4 ounces) of crumbled blue cheese. Stir until melted. Arrange 2 stuffed egg halves on each of 4 slices of toast and top with cheese sauce.

SAVORY SALMON KEBABS are nautical nibbles that lend themselves to many clever party ideas. They are economically

made with canned salmon, and topped with Cheddar cheese sauce that adds zesty flavor and zippy color.

## PARTY POSSIBILITIES GREAT

## Celebrate This Month

February is definitely a short month, but it's long on party possibilities. It is a month that begs for brightness and fun. And it is a month when we all start to search for ideas that glamorize fish, even if it comes in a can.

Canned salmon, for instance, is a versatile food. It can be used in baked entrees, in soups, or creamed; made into sandwiches or salads. But a more unusual and delicious way to use canned salmon is to make kebabs — Savory Salmon Kebabs with an accompanying cheese sauce.

These nautical nibbles lend themselves to many clever party ideas. The most obvious, of course, being a winter cruise theme. This can be carried out by use of various seafaring decorations, such as nautical salts and peppers, boat shaped cheese sauce dish, borrowed from the local travel office.

You can probably come up with many clever ideas of your own to carry out a theme. Possibly a sailor's party to welcome the oncoming spring boat yard activities,

or a South Sea Island party with real coconuts.

To complete this festive February fare, serve a selection of fruit — apple slices, orange sections and pineapple sticks — arranged on a bed of curly endive.

No matter what the theme, you can bet Savory Salmon Kebabs and cheese sauce will be colorful, delicious, fun . . . and economical.

**Cruise Dinner Menu**

Sailor's Salad (Assorted Fruit Slices on Curly Endive)  
Salt Sticks Butter Pats  
Seafaring Sundae (Vanilla Ice Cream with Chocolate Sauce, Whipped Cream)  
Milk in Mugs  
Savory Salmon Kebabs (6 wooden skewers—6 servings)

**Kebabs**  
2 7/8 oz. cans salmon, drained and flaked  
1 egg, slightly beaten  
1 cup shredded Cheddar cheese  
1/2 cup fine bread crumbs  
1/4 cup chopped onion

## STYLES TO SWING, SWAY, FLIP

## Spring Coiffures Dance

"Dancing Hair" coiffures will give you a lift to make this the youngest and gayest Spring ever, according to the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association, the hair fashion authority of the beauty profession.

The new "Dancing Hair" styles have a tender and lighthearted touch that is destined to set a trend with dancing hair effects that swing, sway and flip up playfully into amusing and diverting curls. The new styles are being presented as a feature of National Beauty Salon Week, which will be observed February 11-17.

There is a spirit-lifting "up" line of "Dancing Hair" styles for important party and evening wear, which converts into a slyly "down" line for care-free daytime wear. In both, you will always find a saucy flip-up of curl . . . either at the top, the sides, over, under, or just about anywhere but always dancing. In silhouette, the coiffure looks like an upside down nasturtium with petals and spur cupping the head, framing the face, or sitting pertly at an angle to enhance individual grace.

A keynote of the new styles is the departure from the watermelon to smaller heads. A new interest, too, is the special attention given this season to coiffures for smaller women, in keeping with similar trends in clothing fashions.

Hair length continues to be generally short with bulk adjusted to each person to give a tender fit. The haircut now becomes more important than in many seasons, since the hair must be layered and ruffled to allow it to swing freely from side to side . . . to dance into either the "up" or the "down" lines, and to lend necessary freedom to fluid patterns of waves at the neckline.

Permanent waving, too, becomes vital, especially the new body waves that give your hair its manageability for dancing hair, as well as to revive it for Spring freshness. Consult your hairdresser for the most effective permanent wave for your hair and coiffure needs.

In the "up" lines of the "Dancing Hair" coiffures, wave patterns swing generally in an upward or verticle mood, accented with dancing curls.

In the "down" line for carefree daytime wear, the waves sway with a fluid and more horizontal direction and the coiffure displays more detail and definition at the sides, frequently in shell or scroll waves. However, "it is always set off with a pert curl or curls, of dancing hair."

Hair colors will tend towards

**PATIO FLING**, a new coiffure, features the "down" line, that sweeps elegantly across the forehead for ultra-sophistication. A

soft and gentle shades of blended tones for an iridescent quality. In all colors, the hair must shimmer and shine and have that polished, phasing naturalness with definite tonal values.

Brunette ones will come into this season for an all American look, especially with the red, white and blue fashions in clothing. A palette of fashionable neutral shades . . . dwee and fawn shades with brownette highlights blending to shimmering gold

tones. A high fashion color will be lustrous blue black hair, but with the right skins tones. Blond shades will range from light flaxen and champagne values to nut colors. Red golds will blend towards bright nasturtium shades. All will be sunny and radiant, some bizarre. All will highlight the pastel rainbow of clothing fashions. This will require a bright and Spring and Summer, but your healthy sheen in your hair for cosmetologist can help you with

any necessary corrective treatments that may be needed to erase tell-tale traces of winter from your hair.

Make-up for Spring calls for the soft, clear look of the Southern Belle, gentle and feminine, bright and young. Skin tones and lip shades will tend towards the soft values of pink, rose and coral. Sea shells pink will be especially noteworthy with rainbow pastels of clothing. All will be a ladylike complement for a season of young, gay, feminine grace.

## Jelly Rolls and Whingdingers in 4-H Exhibits

Visitors at the 4-H exhibits at the Riverside County Fair and National Date Festival, running through Feb. 25, will gaze upon jelly rolls, whingdingers, and sheep showmanship.

Jelly rolls are listed under food preparation division, whingdingers under the electric division, and sheep showmanship needs no explanation.

William W. Nobles, supervisor, and Doris K. Nobles, secretary, return to head the gigantic project with many seasons of background in the colorful fair and festival.

Enterprising 4-H members will have entries in beef cattle, dairy cattle, swing and sheep divisions under the livestock department.

In the home economics department, there will be a handsome array of canned goods, cookies, cakes, biscuits, rolls, gingerbread, and cornbread.

## Desert Grapefruit Is Used In Fruited Fish Amandine

Desert grapefruit sections and chopped parsley, heated in fish fillet drippings and served over the sauteed fish with a garnish of almond slivers, turn "Fruited Fish Amandine" into a gourmet's delight. It should even convert once-in-a-great-while fish-eaters to the ways of Isaac Walton. Juicy, meaty desert grapefruit in numerous entrees, salads, appetizers and desserts glamorizes everyday meals and stimulates appetite interest in this sunny fruit from Arizona and from California's Imperial and Coachella Valleys.

**Fruited Fish Amandine**

1 1/2 lbs. fish fillets.  
1/4 cup flour  
1 teaspoon salt  
1/4 teaspoon pepper  
1/4 cup butter or margarine  
2 cups desert grapefruit sections  
2 tablespoons chopped parsley  
1/4 cup toasted slivered almonds  
Cut fish into individual servings. Mix flour, salt and pepper; roll fish in flour mixture. Sauté in butter until fish is browned; remove to warm platter and keep hot. Add grapefruit sections and parsley to drippings; heat through, then pour over fish. Garnish with almonds. Makes 4 to 6 servings.

gricultural mechanics will be represented in impressive items of good-looking, neat, useful and original workmanship. Happy exhibitors will take home the junior sweepstakes and showmanship trophies and ribbons. There are over 2 million 4-H Club members in the United States, and 34,000 in California.

## Are Only Men Born Geniuses? A Woman Sculptor Thinks Not

By GAY PAULEY  
UPI Women's Editor

**NEW YORK (UPI)**—Next time the party slumps, here's a sure-fire method for livening it up. Proclaim for all to hear that women have just as much creative ability as men.

The betting is, you'll be shouted down by numerous opinion on a subject which has interested mankind through the centuries.

One theory bound to be heard often is that men far outnumber the women as great composers, great artists and great architects because there just aren't that many women born geniuses.

Another theory is that woman already is the greater creator, she bears the children. And, by so doing, she sufficiently satisfies the creative instincts.

Still another argument is that nature blessed women equally with the men in the ability to write great music, paint great pictures. The men have just made it harder for the women to arrive.

### Fun Goes On

The argument goes on and on without any final word. But it's fun.

And, if you need someone to speak convincingly on the subject invite Arline Wingate to the party.

Miss Wingate is 124-pounds of energy, with blue-green eyes, red hair and a low-register voice like Lucille Ball's.

Miss Wingate happens to be one of the nation's most successful sculptors, although pink-lacquered nails look as if they'd never touched chisel or butane torch.

"I just use polish to hide what's beneath," she said.

"Do I think men are more creative than women? No!" said the sculptor.

### Tougher for Women

"I just think it's tougher for a woman."

"If father is the artist of the family, he's let alone to be just that. Society doesn't demand that he be half a dozen other things. If he works at home, as most artists do, mother keeps the house running, and the kids quiet . . . shhh, father's at work."

"But the woman is wife, mother, housekeeper, family chauffeur . . . then artist."

"Maybe there'd be more great women composers, painters, sculptors, if it were woman's nature to live for herself . . . be so dedicated. But you know, few women are." The sculptress works in wood. Miss Wingate manages to fill several roles.

stone, metal or plastic. She used to do a lot of portrait work. Harpo Marx stopped playing the harp to talk when he was sitting for a bust, now at the Horace Mann High School in New York. When she was sculpting His Royal Highness Prince William of Sweden, the prince kept ducking his head into a book.

"I was having trouble getting the face," said the sculptress, "and finally picked up enough courage to say, 'Er, your highness would you mind sitting up straight? I can't see you properly.'"

"My dear girl," royalty answered, "why didn't you say so sooner?"

### 11-TO-10 WIN

## British Beats Eldorado Team

30-yard shot by Captain Lord Patrick Beresford in 45 seconds of the overtime period gave an 11-to-10 victory to Hurlingham over Eldorado before the largest crowd to ever see a polo match at the Eldorado polo grounds.

Beresford's fifth goal, a team effort that moved the ball from mid-field, came after the bell sounded to end the six chukkers of action before more than 3,000 fans. It gave the first British team to come to the US since 1937, their second straight victory over Eldorado teams. They play the final of their three international matches next Sunday.

Bob Skene, one of the world's three active 10 goal players, and his fellow townsman, Lisle Nixon of Santa Barbara steaked the Eldorado team to a 5-to-0 lead before Major Ronald Ferguson, team captain, scored Hurlingham's first goal in the third chukker.

Skene and Nixon brought Eldorado to a 7-to-1 lead in the fourth chukker, before Beresford scored a pair to make it 7-to-3, but Bob Alexander, San Antonio, Tex., knocked in a goal to make it 8-3 at the end of the chukker.

Ferguson converted two of his three penalty shots in the fifth

chukker as Beresford scored again and Skene knocked in his second penalty shot, to bring it 9 to 6 at the end of the fifth.

In the final 7 minutes of play, the entire British team scored at least once each. . . . Ferguson converted a foul shot. Charles Smith-Ryland had a goal, and the Marquess of Waterford, while Beresford wrapped his two final goals around Nixon's fourth goal of the afternoon.

Of the 15 penalty shots called, Ferguson converted three for Hurlingham, while Skene made two out of the five goals he scored.

### Two Twosomes Tie for First In Golf Tourney

Two twosomes tied for first place in the Palm Springs Golf Club's Best Ball 18-hole tourney as Charles Kasmen, teaming with James McGarry posted the same score as E. Ramos and partner J. Cooper of 62.

The team of Alan Ray and D. Zigler copped the runner-up spot with a score of 64.

# Lakers Win in Fistic Tilt, 125-99

## Heinsohn Sent to Hospital

By United Press International  
The total Elgin Baylor amasses on his weekend passes should be enough to insure Los Angeles winning the National Basketball Association's Western Division title.

Baylor, making only his fourth appearance in a league game since entering the Army last month, scored 38 points for the Lakers Sunday as they defeated the Boston Celtics, 125-99. Los Angeles now leads second place Cincinnati by 11 games in their sectional race.

Los Angeles, besides winning the game, came off with top honors in a fistic exchange with the Celtics. Rudy La Russo of the Lakers and Bob Cousy and Tom Heinsohn of Boston opened the brawl that was soon enlarged to include players from both benches. Heinsohn was taken to a hospital for examination of a possible concussion.

Detroit topped St. Louis, 119-112; while Cincinnati clipped Chicago, 138-121, and Syracuse beat New York, 141-126, in a doubleheader at Syracuse, N.Y.

The Pistons made it eight wins in their last nine starts as Don Ohl accounted for 30 Detroit points. Cliff Hagan of St. Louis, however, grabbed game honors with 34.

Cincinnati trailed 10-4 in the opening minutes of its game with Chicago but rallied quickly to secure a 66-55 halftime edge. Oscar Robertson of the Royals and the Packers' Walt Bellamy each scored 30 points.

Syracuse maintained its whammy over the Knicks by defeating New York for the 18th straight time. Dave Gambee and Hal Greer each netted 33 points for the Nats, but once more a member of a losing team gained a game high when Willie Naulls garnered 42 points.

LOS ANGELES Lakers Rudy LaRusso (35) and Boston Celtics Bob Cousy (14) engage in a fistic fight early in the first period of the Lakers-Celtics game in the LA Arena yesterday. Both benches and

coaches joined in both physical and verbal battles. The Lakers beat the World Champion Celtics, 125-99. (UPI Tele-photo)

## UCLA Can Snatch Big Five Cage Title This Weekend

LOS ANGELES (UPI) — UCLA, excited at the thought of its first conference basketball title in six years, today is looking forward to this weekend's Big Five games with California and Stanford which could wrap up the championship.

The Bruins, fighting back from an 11-point deficit in their first half, Saturday night rallied to go ahead and then hung on to defeat Southern California, 68-62, winning the city series two games to one.

USC had broken UCLA's seven-game win streak and undefeated league string of five victories with a 74-60 win on Friday night. But the defending Big Five champion Trojans, playing before a hooting and hollering mob of 11,630 fans, couldn't do it the next night.

UCLA now has a 6-1 conference

record and if the Bruins can take both Cal and Stanford this weekend they can clinch the Big Five crown. It would be the first league championship for UCLA since it took the old Pacific Coast Conference with a 16-0 record in 1956.

## Seven-Man Advisory Board Named by Angels

A seven-man group of nationally-and-locally prominent people, wellknown in the sports field but also celebrated in other endeavors, has been named as an "Advisory Board" to the Board of Directors of the Los Angeles Angels. It has been announced by Gene Autry, Chairman of the Board of the Los Angeles American League club.

The special board is composed of: Robert H. (Bob) Cobb, president of the world-famous Brown Derby Restaurant in Hollywood and Beverly Hills, former President of the erstwhile PCL Hollywood Stars and one of the first men to publicly envision Chavez Ravine as the site of a Major League baseball park;

Jerome H. (Dizzy) Dean, one of baseball's all-time great pitchers and a member of the Hall of Fame since 1953 who now telecasts the national "Game of the Week" on the CBS Television Network;

Walt Disney, famous world-over for his many outstanding motion pictures, creator of renowned cartoon characters and the founder of Disneyland, one of Southern California's and the country's great tourist sites;

William Frawley, a longtime baseball enthusiast, screen and television star for several decades who numbers some of baseball's all-time greats among his personal friends including Angel General Manager Fred Haney;

Robert H. (Bones) Hamilton, a Stanford University classmate and football teammate of Angel President Robert O. Reynolds and captain of the Stanford baseball team who long has been one of Southern California's leading automobile dealers;

William (Bill) Nicholas, longtime head of the Los Angeles Memorial Coliseum and Sport Arena and one of the country's outstanding stadium directors;

Jaimie H. (Jim) Smith, Executive Vice-President and General Manager of the Seven-Up Bottling Company of Los Angeles, Inc., a member of the California State Athletic Commission and Managing Director of the 7-Up Youth Foundation which annually sponsors youth baseball teams in the Los Angeles area.

The Board of Directors of the Angels is composed of Autry, club President Reynolds, Vice-President Leonard K. Firestone, Secretary-General Counsel Paul A. O'Bryan and Joseph A. Thomas, a director of the club.

This is the first time in baseball history that a group of men of such-known calibre has agreed to work with out salary with the Board of Directors.

Reynolds said, "These men were invited and we are pleased and

honored that they have accepted to serve on this Advisory Board. They will meet with club officials periodically and will assist us in formulating long-range policy.

"They have agreed to be on call if we have any problems which may fall in their area and we are most grateful to all of them," Reynolds said.

Autry said, "This is an outstanding group of men, well-known in our area and throughout the country. I welcome them into the Angels organization."

The first get-together between the Board of Directors and "Ad-

visory Board" will be at Palm Springs, sometime during spring training. No date has been set yet for the regular Board meeting which will precede the joint meeting.

# LA Angels Open Spring Training Tomorrow

## Rigney to Greet 46 At P.S. Polo Grounds

Page 6 THE DESERT SUN

### Rookies Join Veterans to Make Up Angels Roster

By BOB ABBEY

The Angels have returned! Tomorrow at 10 a.m. Skipper Bill Rigney of the Los Angeles Angels will greet 46 ball players at the Polo Grounds to officially open the second season of spring training in Palm Springs.

It was just one short year ago — Feb. 26 to be exact — that the LA Angels opened their first spring training camp here. Rigney assembled some 34 athletes last spring and they had no idea as to what type of club they would come up with. Now, just one year later, an additional 12 ball players will be in camp—39 on the parent club's roster and seven players from the various Angel farm clubs.

#### Continue Building

This year, the Angels have a solid foundation from which to continue their building. Haney says simply, "I hope that we can continue to make the same kind of progress this year as we did last. We were very fortunate that youngsters such as Ken McBride, Lee Thomas, Ken Hunt, Eli Grba and several others developed the way they did. But you have to remember one thing. Young players are very unpredictable. I believe, though, that our youngsters will continue to improve."

Tomorrow as the Angels open their second spring training camp here, two departments are reasonable well set — certainly more so than last year. They are the outfield and catching.

#### Outfielders

In the outfield, they have veteran Leon Wagner, whose 28 home runs topped the team in their inaugural season in the American League and who played in 133 games last year and finished the season with a .280 batting average.

Joining him is Ken Hunt, a 25-year-old slugger, who led the club with 84 RBIs and had a batting average of .255 at the close of the season. Also there is popular Albie Pearson, the pint-sized little hustler who appeared in 144 games during the 1961 season and closed out the year with a .288 average. This 27-year-old pride of Riverside, Calif. not only does a bang-up job in the outfield but is one of the game's greatest competitors and hustles from the minute he puts on his spikes until the third out in the last inning.

Lee Thomas, a talented young outfielder-first baseman who has the ability to move into the star class this year, came to the Angels from the N.Y. Yankees last May and immediately became a big factor in the club's rise in the second-half of the season.

#### Catchers

Bob Rodgers, a switch-hitting catcher, appears to be ready to take over the regular catching post. The 23-year old receiver is the leading Angels nominee for American League "Rookie of the Year" honors. After playing 124 games with Dallas-Ft. Worth in '61 he joined the Angels and appeared in 16 games. He batted .321 and hit two homers including a grand-slam off Cleveland's Barry Latman. Earl Averill and Ed Sadowski are the other returning catchers.

When the 46 Angels suit up tomorrow morning, only 16 of them were on hand last year at the opening of spring training. The seven pitchers returning are Ted Bowsfield, Dean Chance, Grba, McBride, Tom Morgan, Fred Newman and Bob Sprout. The two southpaws are Bowsfield and Sprout.

Rodgers, Averill and Sadowski all were in camp last spring and only four of the infielders back awaiting Rigney's call tomorrow were with the first contingent of Angels in 1961. They are Steve Bilko, Jim Fregosi, Don Ross and Eddie Yost. Only Hunt and Pearson are returnees from the first squad.

Skipper Rigney will have two new coaches, joining Marv Grisom and Jack Paepke from last year. The new aides were players last season — Rocky Briges and Del Rice. This foursome will be aided by Joe Gordon and Bob Lemon, off-season additions to the Angel organization.

The average age of the Angels is 25. Once they start play, their first of a 31-game pre-season schedule, they will not have a day off until April 9, when they go to Chicago to open the 1962 season.

HURLER Jerry Casale, who was with the LA Angels last year when they opened spring training at the Polo Grounds, was traded to the Detroit Tigers in mid-season for pitcher Jim Donahue who is on the Angels 1962 roster.

POSING for the many photographers who swarm the field during the first day of spring training is big Ted Kluszewski, who was with the LA Angels during the 1961 season and was in the camp at the Polo Grounds last year.

PEPPER GAME is very popular with ball players not only in training camps, but before each regular game. Coach Del Rice, (9), bats the ball to other members of the LA Angels who open spring training at the Polo Grounds tomorrow. (Desert Sun Photo)

### Bowsfield Won No. 50

Los Angeles Angels' southpaw pitcher Ted Bowsfield, one of the fastest-working pitchers in the Majors, had the honor of hurling the Angels to the club's 50th win in 1961. In one string he pitched 17 2-3 consecutive scoreless innings against the Orioles at Baltimore.

### Angels' Slugger Steve Bilko Has Superstition

Los Angeles Angels' slugger Steve Bilko has one baseball superstition: he always touches first base after the infield has tossed the ball around. "Otherwise it seems the opponent always scores runs."

### More Angels Live in LA

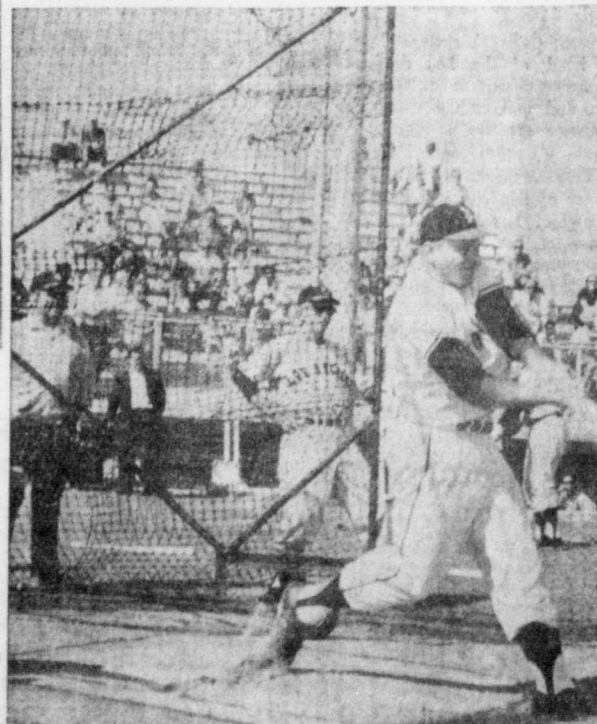

Where do more of the Los Angeles Angel players live in the off-season? If you say, L.A. or its environs, you'd be 100 per cent correct. Of the 46 players reporting to spring training tomorrow, 19 reside in the local area with two other Californians from the San Francisco area.

LA ANGEL President Bob Reynolds, right, will be at the Polo Grounds tomorrow for the opening day training session. He and Skipper Bill Rigney will be looking the 46 players over carefully during the training season.

## Tomorrow Is Photo Day at the LA Angels Camp

# Mrs. Khrushchev In Radio Appeal

MOSCOW (UPI)—Mrs. Nikita S. Khrushchev appealed to the women of the United States Sunday night for "friendly understanding" and support for her husband's proposal for a summit conference on disarmament.

In a nine-minute short-wave broadcast beamed to North America, the wife of the Soviet premier said the Soviet Union "will never be the first to start a war." The appeal was broadcast four times over Moscow Radio.

"Let us sink atom bombs along with the other weapons in the deepest part of the ocean and live without weapons, as good neighbors, going about our peaceful affairs," she said in accented but fluent English.

# Liz Taylor In Rapid Recovery

ROME (UPI)—Elizabeth Taylor was reported recovering rapidly today from a case of food poisoning that brought her husband and leading man rushing back to Rome.

A nurse at Salvatore Mundi International Hospital reported this morning that the ravishing movie actress "had a very good night" and might return home today or Tuesday.

"She is feeling fine and eating breakfast," the nurse said.

Miss Taylor was sped to the hospital by ambulance Saturday night from her \$3,000 a month rented villa on the Appian Way.

Although persons close to her said she was suffering from "exhaustion" as the result of her work in the movie "Cleopatra," Dr. Richard Pennington said she had been afflicted with food poisoning.

Miss Taylor's husband, Eddie Fisher, hurried back from Portugal where he had been on a business trip and was allowed to spend an hour with her in the hospital Sunday night. The doctors kept him from her bedside for six hours to give her complete rest.

Her leading man, Welsh-born Richard Burton, 36, flew back from Paris and said he wanted to see Miss Taylor "as soon as possible" but he did not get into the hospital Sunday.

The husky Burton plays Marc Antony in the multi-million dollar film being made here.

A spokesman for Burton told newsmen Sunday night that the actor has a "deep professional and personal regard" for Miss Taylor.

# Suit Against Canyon Club Dismissed

LOS ANGELES — A \$2, 150,000 suit filed against the Canyon Country club and its owner, the First National Realty Co., of New York, has been dismissed in U.S. District Court here.

The suit was filed by Attorney Charles J. Vickers of Studio City, and Harry DeVinney, Palm Springs hotel man, a week ago today. However, DeVinney later reported that he had no knowledge of the filing.

Listed in the complaint were five causes of action, two for contract accounting, and one each for establishment of resulting trust — quieting title, fraud and deceit, and libel and slander.

# Senior Citizens Dances Start in Cathedral City

CATHEDRAL CITY — Old fashioned dances for senior citizens have been inaugurated here as a weekly feature, Mrs. Dorothy Sippy, president of the Cathedral City Chamber of Commerce, announced.

The dances will be held on Wednesdays beginning at 8:30 p.m. in the town hall next to the city library on "A" Street, Mrs. Sippy said. Dancing, to the music of the five piece "Melody Makers" combo, will feature waltzes, fox-trots, and similar non-frenetic music.

George Eaton is chairman of the group.

DESERT HOSPITAL'S BUILDING FUND got a boost Saturday as William Perlberg, left, and Milton Prell, leaders in the effort to finance expansion of Palm Springs Hospital, accepted a check from Desert Sun Publisher Carl W. Schooss, center right, and Cliff Brown of McFadden and Eddy, publicists for the chamber of commerce. Under an agreement between the Sun and McFadden and Eddy covering rental of photographic facilities in the old Sun building, the hospital fund should get a continuing series of monthly contributions. The first check was for \$100. (Desert Sun Photo)

# Realtors Will Hear 4 Ad Men

PALM DESERT — Principals of four advertising agencies from Phoenix, San Diego, Beverly Hills and Palm Springs will address the fifth annual workshop of the Palm Desert Board of Realtors Wednesday at the Shadow Mountain Club.

They will discuss a wide range of real estate promotion techniques and campaign planning, beginning at 9:45 a.m.

Phoenix panelist is Robert Garland, president of Garland Agency which handles Del Webb developments in Phoenix, Ariz., Bakerville and in Florida. Other panelists are:

—Robert Lewis, vice president of Phillips-Ramsey in San Diego, whose real estate promotions include Palm City and who also handles the San Diego Convention and Tourist Bureau.

—Charles Parr, president of Coleman-Parr in Beverly Hills, handling over 200 builders and the Larwin Development Company.

—And moderator Everett Ball, president of Ball Advertising, Inc., Palm Springs, handling the Imperial Valley Development Agency and the Palm Springs Chamber of Commerce.

The workshop will begin at 8 a.m.

# 'LIFE' WELL AGAIN McCulloch Buys Slick Magazine

Sole ownership of Southwest Publications, a corporation which publishes the slick monthly magazine, "Palm Springs Life" has been purchased by financier Robert P. McCulloch, it was announced this morning at the magazine's offices.

McCulloch, who has been a stockholder in the company, purchased the interests of magazine publisher L. G. Brittingham, and vice president Earl Cordrey, who also serves as art director for the magazine.

New publisher of the magazine will be J. M. F. (Bud) Taylor, with Milton W. Jones as business manager and advertising director. The two are also owners of the local Taylor-Jones public relations firm, but there will be no corporate connection between the two according to the announcement.

The magazine has recently undergone financial troubles and the premises at 511 Industrial Place were attached following a suit by the Los Angeles firm which prints the magazine. The publishing company also has other interests including the Palm Springs Hotel and Convention Annual.

New publisher Taylor said that Cordrey would remain as art director although he would no longer hold a financial interest in the magazine. Brittingham will not remain with the new set-up, and other staff positions will be made later in the week, according to the announcement.

# Largest Rocket Motor Success

SACRAMENTO, Calif. (UPI) — The largest solid fuel rocket motor in the free world was fired successfully Saturday at the Aerojet-General Corp. plant, 15 miles east of Sacramento.

The 53-foot long motor developed a maximum thrust of approximately 600,000 pounds, while hurling a tongue of flame 500 yards over the abandoned gold fields used as a test area.

The 119-ton motor ran for 98 seconds, sending up a pink-orange cloud of smoke visible for about 20 miles.

# TRAFFIC AGAIN?

# Council Meet Tonight

Passage of the delayed ordinance establishing a new Traffic Advisory Commission, and appointment of the members is expected during the Palm Springs City Council meeting which begins at 7:30 p.m. today.

Leo Baker, chairman of the city's former off-street parking committee, may be named chairman of the new group. George Ripley, chamber of commerce nominee of the Palm Springs Safety Council, are expected to be named.

To Name Five

The council will name five other members, plus the police chief and the director of public works. The two city members, to be ex officio members, are stipulated in the ordinance.

The revised ordinance granting a zone change from guest ranch to R-2, limited multiple dwelling, for Westview Development Corp., is slated for introduction tonight.

The change had been introduced on a 4-3 vote, but held for revision last week when the city planning commission forwarded stipulations for sewer tie-in which had been omitted from the transcript copy.

Set Hearing

The council is scheduled to set a hearing date on the spread of assessment on assessment district 37. The district, including S. a n Lucas Road, North Riverside Drive and Sunny Dunes Road, will include paving curbs, gutters, sidewalks and sewers.

A March 5 hearing date is expected to be set on the application by Richard Brown Arenas and Edmond Peter Silva for a change of zone from R-1a, single family residence, to trailer for a proposed trailer park on the east side of

South Palm Canyon Drive, south of the Royal Hawaiian Estates. The site is north of the extension of LaVerne Way.

The council will consider the planning commission's recommendations for denial of an application by George E. Goldberg for a change of zone from R-2, limited multiple dwelling, to R-3, hotel and apartment, for lots on the south side of Ramon Road between Compadre Road and El Cielo Road.

"THE EXPRESSION IS 'LEFTOVER' POTATOES. NOT 'USED'!"

TV Show Attempted to Take Side of 'Outlaw'

HOLLYWOOD (UPI) — The old theory that audiences secretly cheer for villains was exploded this year on a television series which attempted to tell its stories from the badman's point of view.

Even the title, "Outlaws," tended to pique the sympathy of viewers who are sick and tired of seeing the hero win every time.

Viewers would become emotionally attached to one of the outlaws only to see him shot like a turkey at the end of the program. Naturally, they couldn't look forward to seeing the heroic bad man again in the next episode.

For lack of a winning villain character, against their better judgment, began to side with law and order again. In the process they found themselves pulling for Don Collier, the raw-boned marshal of the show.

It took a year, but NBC finally realized if the series were to survive it was necessary to provide durable stars. In the patois of the trade, "Outlaws" needed "audience identification."

Collier is durable and easy to identify.

He has been a real life cowboy in Oregon, a lumberjack in Washington, a merchant seaman in the Pacific, and a college football flash at Hardin Simmons and Brigham Young.

He is identifiable because many persons believe he bears a close resemblance to Gary Cooper.

But it was during a trick as handy man on the ranch of Francis Lederer that Don first entertained the thought of becoming an actor.

Employer Pushes Career "Mr. Lederer said I looked like a Western type and encouraged me to study acting," Collier said between takes on his show. I didn't want to impose on him, but he insisted."

Collier is durable and easy to identify.

DO YOU THINK I'M BEAUTIFUL, CHARLIE BROWN?  
YOU DIDN'T ANSWER RIGHT AWAY! YOU HAD TO THINK ABOUT IT, DIDN'T YOU?  
IF YOU HAD REALLY THOUGHT I WAS BEAUTIFUL YOU WOULD HAVE SPOKEN RIGHT UP!!  
I KNOW WHEN I'VE BEEN INSULTED!! I KNOW WHEN...  
GOOD GRIEF!

**GORDO**  
WILL YOU LOOK AT THAT?  
IN A NO-PARKING ZONE—THE WRONG WAY ON A ONE-WAY STREET!  
ESTACIONAMIENTO PROHIBIDO  
IT'S THAT NUT GUIDE, GORDO'S BUS!  
HE MUST HAVE A PARTY OF TOURISTS NEARBY!  
HE'S PROBABLY IN EL VOLADOR! LET'S CHECK IN THERE FIRST!  
EL VOLADOR

**ARCHIE**  
JUGHEAD IS ANGRY WITH YOU?  
WE SPRAY-PAINTED MY JALOPY, AND THE RED PAINT SPATTERED ALL OVER HIM!  
HE WON'T CLEAN IT OFF! HE EXPECTS ME TO!  
YOU MEAN HE WENT TO SCHOOL LIKE THAT?  
ARCHIE... TELEPHONE!  
ARCH! I'M NOT MAD AT YOU ANY MORE!  
YOU'RE NOT?  
MISS GRUNDY TOOK ONE LOOK AT ME AND SENT ME HOME.  
I'M QUARANTINED FOR NINE DAYS!

**POGO**  
"HUNG WHAT'S WRONG WITH US WOMEN IS WE TAKES ALL THE GUFF... DOES ALL THE WORK."  
FOR WHOSE WE DO THESE?  
FOR THEM DAD... LAGGED MEN... THEM NO GOOD, LAZY, SIMPLE MINDS NO GOOD!  
WE GOTTA PUT OUR FOOT DOWN... TAKE THEM SLAB-SIDED SIT-DOWNERS BY THE NOSE AN' MAKE 'EM GO STRAIGHT... THEN BLASTAGIN' GOOD-EYER SHUFF-OSH! GOL BRICKERS!  
WE JUS' GOTTA STOP BEN! SO FEMININE!

**MARK TRAIL**  
TAKING RENEE, PRINCE AND HER BROTHER JOE INTO CUSTODY, SERGEANT GLENN AND MARK FLY TO POLICE HEADQUARTERS.  
SO MRS. PRINCE HELPED RICHMOND PLAN HER HUSBAND'S DEATH?  
YES, DUB, AND IF I HADN'T LUCKED UP ON THAT BEAVER HOUSE I'D BE VICTIM NUMBER TWO!  
MARK, MY FRIEND... YOU SAVE MY LIFE... I DON'T KNOW HOW TO THANK YOU...  
YOU CAN THANK ME BY TAKING ME HOME AND GIVING ME ONE OF MARY'S MOOSE STEAK DINNERS!

**SECRET AGENT X9**  
LOOK, VERA! THE GOVERNMENT'S BONS TO AUCTION ZARKO'S ESTATE! THAT MEANS THE GUN WILL BE UP FOR THE HIGHEST BID!  
WHICH LEAVES US OUT, ARTIE! BUNNY CAN TOP ANYTHING WE CAN OFFER!  
YEAH—BUT THE WAY I'VE GOT IT FIGURED, HE WON'T HAVE A CHANCE!  
THEY'RE CARTING ZARKO'S ART COLLECTION TO THE AUCTION GALLERY IN AN ARMORED TRUCK! WE'RE GOING TO BLANK IT BEFORE IT GETS THERE!

**FLINTSTONES**  
I'VE BEEN CURIOUS ABOUT THESE NEW HOMES, FRED.  
WELL, THE OUTSIDE WAS OKAY, I GUESS...  
BUT I CAN'T SAY MUCH FOR THESE MODERN INTERIORS!

# Pros Dislike Romney

By LYLE C. WILSON  
WASHINGTON (UPI)—The old pros of the Republican Party are now so far gone in their dislike of Michigan's George Romney that they refer to him as another Willie. This is intended to be very vigorous dispraise, indeed. The old pros mean, of course, Wendell L. Willkie, the late political maverick who kidnapped the Republican Party in 1940 and became its presidential nominee. Willkie came roaring out of the 1940 Republican national convention declaring that he wanted to meet the champ.

The champ was Franklin D. Roosevelt and when they met in

the 1940 presidential election Willkie went down for the count. He was unable to arise thereafter, politically, and died about four years later an embittered man. Romney also is a political maverick, a registered Republican more by chance than by choice. The old pro Republicans do not expect Romney to be elected President of the United States, ever. But they foresee a possibility that he may be elected governor of Michigan and thereafter seize the 1964 Republican presidential nomination.

Romney has made it plain enough that he cares not a hoot about the Republican Party, or

the Democratic Party either. He is interested in a citizens' party. His party would be called Republican. It would ignore the racial, economic, geographical and other pressure groups that now impose on both parties the platform promise baloney with which candidates seek to entice votes.

The old political pros are mostly Taft men and what they fear now is a repetition of history as it happened a la Willkie and when Thomas E. Dewey of New York twice beat off the conservative convention forces and twice lost the presidency.

The old pros do not have a candidate now for 1964 as they did in 1952 when the forces that backed Willkie and Dewey got together again to nominate Dwight D. Eisenhower for President. That is part of their frustration, that they have no man of their own. Sen. Barry Goldwater, R-Ariz., could be their man, but could they win for him the 1964 presidential nomination? Probably not.

Richard M. Nixon is enmeshed in California politics and is not counted a factor in the 1964 nomination contest. Nixon's insistence that he will not be a 1964 candidate for the party nomination must be accepted as valid and self-binding.

For the old pros the 1964 choice seems to lie between Romney, maybe, and Gov. Nelson A. Rockefeller of New York. That is a Hobson's choice for the old pros who don't want either of them. Since it is not likely that the Republicans will elect their 1964 nominee, it may seem of small moment whether Romney, Rockefeller or some other is the convention's choice.

## Chance for a Double Return

Tomorrow the Los Angeles Angels of the American League start their second annual spring training season at the Polo Grounds. And again the name of Palm Springs will start flashing along telegraph and telephone wires and ride the air waves.

To look at it from a strictly materialistic viewpoint, the resultant publicity will be of inestimable value to this area which thrives on keeping its name before the public. And this will be achieved without cost to the taxpayer who foots the bill for funds budgeted for advertising and publicizing the city.

But the strictly materialistic viewpoint takes a back seat in this case. With the arrival of the Angels there will start 41 days of wholesome, out-in-the-open entertainment for our visitors and for Villagers.

For the first few days, possibly, the publicity will center in Southern California as hundreds of words go out daily for the sport fan who gobbles up the news of the progress made in the unkinking of winterized muscles, the predictions of the so-called baseball experts, the trades, sales, acquisitions, which fill the sports pages as the Major League season approaches.

Then, on March 10 when the exhibition games start, the flow of words about Palm Springs will spread out, to Texas, Boston, Chicago, San Francisco, Cleveland.

That is when the new Houston, National League Colts, the Boston Red Sox, Chicago Cubs, San Francisco Giants and Cleveland Indians meet the Angels at the Polo Grounds.

These teams will bring a lot of big names in baseball to Palm Springs to show spectators why they are famous.

The climax will come on April 2, when, for the first time, two rival Los Angeles clubs tangle. This first meeting of the American League Angels and Los Angeles Dodgers will be at the Polo Grounds and will probably strain the seams of the enlarged park. And it will produce a wealth of words in newspapers and on the air.

In addition to the printed word and radio, video viewers over a wide area will see the Polo Grounds as several of the games are to be telecast.

The Angel contingent due tomorrow will bring 75 players, officials and other personnel to town. Getting back to the material side of things again, they will spend money here, add to our economy. The visiting teams will also bring new business to town. That's looking at it from our side.

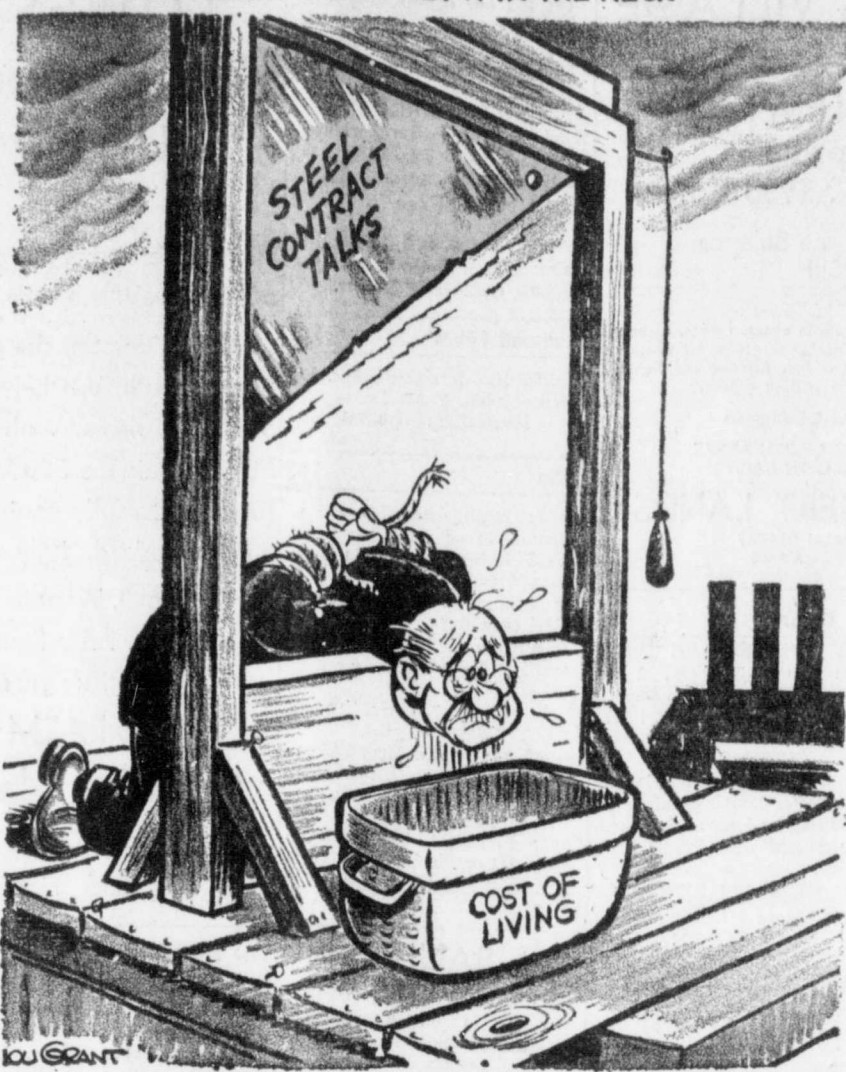

But it also costs money to feed and house 75 hungry baseball players. Equipment and incidentals come high, too. That money must come from admissions to the Polo Grounds. That's looking at it from their side.

Somewhere near the top it was stated "achieved without cost to the taxpayer." That's true. You have to pay taxes or be penalized. You are not forced to attend the Polo Grounds activities. But you certainly should.

You will receive great entertainment in return for your admission fee. And your chosen home town will receive great publicity. With plans being made for "Angeltown" the proposed baseball center for the Los Angeles Club and its farm system, you will be helping future and valuable development of the Palm Springs area.

You'll get your money's worth twice over.

AND GUESS WHO'LL GET IT IN THE NECK

## THIS SIDE Of The Sun

R. F. "Phat" GRAETTINGER

I love to clobber These typewriter keys, Even if only Comes an ancient wheeze.

Today's piece is inspired by two diametrically opposed schools of thought among those who visited us on Saturday to look over our fine, new stream-lined building.

THERE WERE THOSE who looked down their aquiline facial disturbances and said in a lofty, scornful manner: "My, you got it tough! Just sit on it all day and peck away at a typewriter. Get passes to things, meet Big Guys, invited to free-load. What a life!"

Then there were those nice, kind, thoughtful people who are not fooled by exterior appearances who said: "My, you have it tough. Having to think up something every day."

WELL, BANGING OUT these things is fun. I can't just recall when and how it all started but it must have been around 1929. Before Black Friday. Because there was a modest increase in the weekly stipend when I gave them 800 additional words per diem. But pretty quick the boss said:

"There's a depression on, you know," and the weekly check, which hadn't been Sanforized, reverted to its original content.

..YOU CAN GET USED to a lot of things over the years. At first I used to stay awake all night and moan when a typographical error fouled up that day's bright, (to me, anyway) bon mot. But today I can roll with the type.

After 33 or 34 years, I've calmed down.

Now all I do when I write about some couple's "happy marital togetherness" and it comes out "marital" making the guy mad, is to scream, tear my hair and threaten to quit and become a plumber or a public relations man.

So far, fortunately, the publisher hasn't taken me up on that quitting routine. Besides, I don't know the difference between a spanner and a spinet or a Stillson and a Stetson.

THINKING BACK, these pieces have been slammed out in a lot of strange places.

On a wobbly orange crate after the regular desk had been rendered hors de combat by a knuckle-headed reporter who thought the waste basket was an ash tray. The rest of the newsroom and the most of the building, weren't there either.

Then on a portable resting on a table the porter had set up for me in a roomette. He had to stay there and hold it because every time we hit a curve the portable slithered into the aisle. There have been borrowed typewriters in hotel rooms, fire stations, police stations, and business offices and once a real live column writer in a mortuary.

ANYWAY, it has been a third of a century of remunerative fun. And you'd be surprised at the number of times I've been so happy because I resisted that impulse to become a plump plumber.

ABIGAIL VAN BUREN

## Dear Abby...

DEAR ABBY: My husband refuses to Twist with me. He says if I want to make a fool of myself in public, he isn't going to help me. I have seen many women older and fatter than myself Twisting in public and I admit it looks terrible, but I am only 42 and have a nice figure. Please say something in your column to convince my husband that the Twist is just another modern dance and he should learn it as he learned the rumba and cha cha. —LOVES TO TWIST

DEAR ABBY: If your husband is over 45 and overweight, maybe his insurance policy doesn't cover the Twist. His thinking is straight. Don't try to twist it.

DEAR ABBY: The lady next door is pulling some funny business on her husband and I am quite certain a man is involved. She gets all dolled up and pulls out of her driveway a little before noon. And she doesn't get home until 6 P.M. She tells her husband she has been to a "PTA meeting." She does this three and four times a week, and he is so dumb he believes her. Don't you think somebody should tell her husband? —WIDE AWAKE NEIGHBOR

DEAR ABBY: A friend of mine keeps telling me that her seven-year-old daughter hates school so much she pretends she doesn't feel well so she can stay home. The child's mother doesn't know the reason but I do because the little girl confided in me. It seems the child has trouble controlling her bladder and her teacher told all the children that those who asked to go to the bathroom too much would have rubber pants put on them. I don't know anything about psychology or teaching but I have a mother's heart and think something should be done about it. I am not the busybody type but want to help this child. How? —A CHILD'S FRIEND

DEAR ABBY: Tell the child's mother what you have told me. She too has a "mother's heart" and I hope the good sense to go to school and talk to the teacher.

DEAR ABBY: The biggest creep in Junior High went and wrote my name all over both his arms with red and blue ink. All the kids are teasing me about him and I hate him like poison. How can I get him to rub my name off without talking to him? I am thinking about inviting him over to my house some evening. Would it be all right if I called him up on the phone for this purpose? —BUNNY

DEAR ABBY: Make up your mind Honey. Is he a creep or isn't he? If he's a creep you surely don't want to call him on the phone and invite him to your house. If he's not a creep don't protest so much! The moving finger wrote.

DEAR ABBY: How did anything so unsanitary as "dips" ever get so popular? Over the holidays we attended many parties and everywhere they served "dips." It reminded me of a bunch of pigs going to a trough. I can't see how anyone would want to eat something that everyone in the place had stuck his fingers into. Can you explain? —NO DIPPER

DEAR NO: I don't know how "you" eat dips but everyone else uses a potato chip or a cracker.

CONFIDENTIAL TO "G. I. In Korea": Your buddy has made his "bunk" ... tell him not to lie out of it.

Are things rugged? For a personal reply write to Abby Box 3365 Beverly Hills Calif. and don't forget a stamped self-addressed envelope.

## World to Know More About Space in Week

CAPE CANAVERAL — If all goes well — the most repeated phrase one hears around the Cape — John Glenn will tell the world more about space this week than has ever been previously expressed.

He will be "on" perhaps every 30 seconds of a voyage that may last four and one half hours. The magic of his particular radio hookup will carry his words into virtually every American home, "live," though he might be flying 100 miles over the Indian Ocean.

Majors Yuri Gagarin and Gherman Titov did commendable jobs of telling what it was like Out There. But by the time those words were translated and shot full of propaganda they sounded kind of phony. We'll get Glenn undiluted. In fact, he has been commanded by his superiors not to be inhibited just because the whole nation, including the kiddies, will be listening.

We've met some Marines in our time, good ones, too, who could not have been trusted with such an invitation. But Glenn is a man of steady restraint and piety. He is sure to give us a fine word picture of a realm no American has ever beheld. He is an articulate, sensitive man who has chided the assembled press because we have been writing so much about him, as a man, and so little of Project Mercury, the venture. He has said, in effect, that even if his attempt ends in catastrophic disaster, we should not weaken in our support of the program in general.

He Has a Task But as prepared as he is to tell us about the stars and planets, as seen without the film of our distorting atmosphere, he has a task that would give Shakespeare pause. "The poet's eye, in a fine frenzy rolling," is hardly agile enough.

It is not sufficiently nimble to do justice to such phenomena as three nights and three days compressed into a four and a half hour ride. Glenn will see the sun rise three times, watch it fall behind the Earth three times. His "first day" will last 45 minutes from its dawn to its dusk. He'll plunge into another calendar day three times, because of the imag-

inary girdle we call the International Date Line.

He'll be asked to describe everything that swims into range of his periscope, read off his instrument panels' bewildering variety of dials, switches, buttons and the like, describe the sensation of weightlessness (he is prepared to be nauseated during some portion of this as was Titov), and at the end of the first orbit he must declare his willingness to try for another lap. As he nears the end of his second orbit, he must declare again.

Can't Hide It

Though he will be farther away from the Earth's prying eyes than any American has been able to get, Glenn will have little opportunity to get away with a lie about his physical and mental condition. If he becomes incapacitated or panics or is consumed by anxiety, air medics on the Earth below will know it perhaps before Glenn himself does. He is literally wired for sound and emotions. He will be undergoing what amounts to a constant cardiograph during the flight. His breathing, pulse, heart beat and deep interior body heat will be revealed to Earthlings as he flies through space at 17,500 miles per hour. His contour couch will be a psychiatrist's couch. If something he says indicates a psychotic condition is seizing him any of seven command posts spread around the world could hurl a radio beam at the invisible capsule, activate its braking rockets, and bring Glenn down.

A man could say "boo" from space and it would be as newsworthy as the Gettysburg Address. Glenn will have more to say. Part of his job will be to locate and describe the lands, seas, rivers, mountains, forests and deserts over which he'll streak. He'll be a human Tires IV, describing cloud formations, storms. He will be less than human if his voice doesn't have the bubbling enthusiasm of Alan Shepard's jubilant "Everything is A-okay!" He'll be a man of stone if he does not succumb to the elation that Titov must have experienced when he cried out, proudly, from on high, "I am an eagle!"

If all goes well...

## Letters to the Editor...

Editor The Desert Sun

On behalf of the entire Angel organization, I want to take the liberty of complimenting Sports Editor, Bob Abbey, for the fine sports section of the Desert Sun.

This compliment is not alone directed at the fine pre-spring training publicity accorded the Angels, but also for his fine coverage of the Palm Springs Golf Classic and other sporting events.

We are elated over the interest shown in the Angels by Mr. Abbey, who is continually looking for special feature news for your publication. This interest shown by your industrious Sports Editor certainly surpasses anything that transpired last spring.

The Angels are hopeful of staying in this area for many seasons and our plans could certainly include other phases if local interest warrants it. Your sports section has certainly shown that major league baseball and other major sports are a welcomed addition to the area.

Our public relations director, Mr. Irv Kaze, certainly echoes

my sentiments and those of our owners, in praise of Mr. Abbey's work to date.

We also wish to express our gratitude for the fine editorials that have appeared in your publication in regards to the support of local sports.

With kindest personal regards, I am,

Sincerely yours,  
MARVIN MILKES  
Ass't to the Gen. Mgr.

## QUOTES

SACRAMENTO, Calif.—Gubernatorial candidate Richard Nixon, on the effect of out-of-state Democrats who may come to California to campaign for incumbent Gov. Edmund G. Brown: "I think that the independent-minded voters of California will resent this kind of carpetbagging, this invasion of outsiders seeking to influence a California election."
